TOOK SUGAR OF LEAD.

Amanda Kash Tried to Kill Herself Yesterday Afternoon.

Amanda Kash, colored, drank the contents of a bottle containing sugar of lead yesterday afternoon at her home on Fourth street East of Plum.

Yesterday morning she received a letter from her youngest daughter, "Sis" Kash, which informed her that "Sis" was doing time in the Cincinnati Workhouse.

That threw her into hysterics and she decided to end her life by the sugar-of-lead route.

After the physician arrived she refused to take any medicine whatever and begged him to cut her throat.

The poison she had drank had been frozen, thus taking all the dangerous properties out of it; but for that she would have died.

Dress Stuffs A BARGAIN!

\$2½ to \$5 buys a dress pattern that a fortnight ago would have cost \$5 to \$10. Not to wool Dress Goods are reductions confined—silks have also been sheared of all profit. Never a better time to buy a dress, waist, or skirt. Perhaps some neighbor has availed of this sale—ask her opinion of our January bargains—we know her answer will bring you here.

FURS---One-Half!

The offer can be made in a dozen words. Every fur piece in the store at a reduction of one-half from the marked figures. Owing to the warm fall we marked furs early in December at the lowest prices ever known in the store's history—and from these lowest of low prices we again clip one-half.

Is only a bargain when it is a worth-while article at less than usual price. Last winter's coats would not be cheap to smart dressers at any price.

EVERY WRAP

In our stock is correctly fashioned and was made for the winter of 1902-3. We didn't carry one coat over from last year. We emphasize this point because it is difficult for anyone to grasp the extraordinary values we are giving in the coat department. You think old-fashioned garments are only possible at such prices. Don't waste time over that fallacy when a glance will instantly confirm every detail of our statement.

D. HUNT & SON.

"Cheapness"

Without worth is a delusion and a snare. Not a bit of doubt about that. It is one thing to sell good merchandise—Shoes—at low prices and quite another thing to sell cheap stuff. Your own experience tells you which of these inducements is the most profitable in the long run. Our experience is that the people hereabouts want

The..... Best Footwear

They can buy for their money, and our large and increasing trade shows that this policy is proving a winner for us. It is no longer a question of advertising our lines—they now sell themselves—on merit.

BARKLEY'S!

By a vote of four to six the Augusta City Council turned down Auditor's Agent F. Stanley Watson's proposition to collect back taxes in that city.

Mr. H. T. Montague of Louisville, who has been called to become General Secretary of the Y. M. C. A. here, has not yet accepted the position but has the matter under consideration.

The American Line steamship St. Louis had not been sighted at Halifax, N. S., up to 1:30 p. m. yesterday. The steamer Caribbrook, Middlesboro for Baltimore, put in short of coal. The steamer is 12 days out. She lost two boats or heavy seas.

N. G. Gonzales, Editor of The Columbia, S. C., was shot down in the streets of Columbia yesterday morning by James H. Tillman, the Lieutenant Governor. The bullet entered Gonzales's stomach and is likely to prove fatal. Tillman is a nephew of United States Senator Tillman.

The L. and N. Engineers were in session yesterday at Louisville trying to agree upon themselves as to whether or no the terms offered by the road shall be accepted. Both sides are trying to keep proceedings secret. The engineers have not been able to come to any agreement. A minority element is said to favor a strike rather than accept the road's offer, but the conservative element is said to prevail.

HARD TO EXPLAIN.

If This Had Occurred Anywhere Else Than Maysville Our Readers Might Doubt It.

It's hard to explain how the public can continue to doubt in the face of such evidence. If this were published anywhere else than in Maysville; if the statement given below went the rounds of the press readers in Boston or New Orleans might doubt it. But it's very different when the testimony given comes from a friend, perhaps a neighbor. It is public expression of a local citizen, and can be easily investigated: Mr. Larson Dawson, residing at 931 East Second street, says:

"The quick relief from pain in my back which followed the use of Doan's Kidney Pills proved them to possess remarkable powers. I procured them at J. J. Wood & Son's Drugstore, corner of West Second and Market streets. From the satisfactory results obtained I can advise all in need of a kidney medicine to give Doan's Pills a trial."

River News

The Allegheny river is frozen over.

The Wabash, White, Patoka, Little Wabash, Rough and Pond rivers are frozen over.

Electrician Chapman is at Paducah placing a 10,000-candle power searchlight on the steamer Avalon.

Boats are hurrying to get into Green river to hide from the ice. Several are already there in winter quarters, as are also a number of barges.

The steel towboat Sprague, now coming to Louisville from New Orleans, has twenty-eight coalboats in tow, but there is no telling when she will arrive.

Towboats now operating on the Ohio are having troubles of their own and are running under difficulties, as steamers going upstream with empties have to tow behind.

C. Jutte & Co. now have ready and awaiting shipment three tows of coal at Pittsburgh. The Jutte Company hopes to be able to transport at least 250 coalboats South this year.

Captain W. L. Sibert, Government Engineer, has been instructed by the Secretary of War to establish harbor lines in the Monongahela river four miles up from McKeesport.

Some of the wholesale grocery houses of St. Louis are urging the Lee line to extend its service from Memphis to Vicksburg, in order to give them the benefit of through boats in the trade.

Captain J. F. Ellison, Superintendent of the Cincinnati and Pittsburgh Company, was elected President of the Cincinnati Chamber of Commerce by a majority of 71 votes over his competitor.

The old suit of the heirs of three Negroes who drowned in the Bonanza's wheelhouse at Cincinnati nearly five years ago, was "dismissed, settled," in the Court at Louisville. The heirs sued the Louisville-Cincinnati Packet Company for \$25,000 damages for each man.

Navigation is still suspended, the river is full of floating ice and the indications are favorable for an early break up and general resumption of navigation. The ice continues to flow freely from Pittsburgh to Cairo. The ice is growing softer in quality and less in quantity, so that a few more days like yesterday will have a telling effect upon it.

The American Bridge Building Company of Economy has about completed the construction of a mammoth steel barge 300x52 feet, capable of holding thirty-two railroad cars, to be used in the Mississippi river at St. Louis by one of the railroads. The towboat James Y. Lockwood, which was built at McKee's Rocks, is en route to Economy from St. Louis for the big barge.

There are several large gorges of heavy ice in the Monongahela.

Captain Charles Fuller, the agent of the big line, fast City of Louisville, is booking excursionists for the Mardi Gras trip to New Orleans and back on that great boat. She is the longest, fastest and finest sidewheel boat afloat, and will, no doubt, go down and back with a cabin full of people. She will have a brass band and a large orchestra on board.

The steamer City of Louisville of the Cincinnati and Louisville Packet Company, which had a hole stove in her hull above the water mark while at the wharf at Carrollton Tuesday, can be repaired in a few days, as the damage is slight. The passengers aboard the boat at the time of the accident are loud in their praise of the conduct of the crew at the time of the mishap.

An official of the big coal combine at Pittsburgh says: "The Sprague would not be able to leave New Orleans unless she towed away. He hoped that the boat would be a success, but did not think that she would in her present condition. The steamer is drawing six feet of water at the stern and is humped up in the middle probably three or four inches, which, in his judgment, was not of serious consequence. It was stated that in order to hold the boat's hull in proper alignment, it would be necessary to build a truss through her hull, in order to strengthen her, and in his judgment the task of placing the steamer in working condition had just been commenced. Much money, he thought, would have to be expended on her before she is made a success."

Wireless telegraphy apparatus has now been installed on board each of the blue Dover-Ostend mail steamers.

The net income of the firm of which J. P. Morgan is the head is said to have been more than \$50,000,000 in 1902.

GET STRONG Bread

Vinol Makes Weak People Strong.

WE GUARANTEE IT WILL DO SO.

WE KNOW OF NO TONIC OR RE-BUILDER LIKE IT.

Vinol does create strength. We know that and have proved it in many instances.

The reason Vinol rejuvenates and strengthens a person is that it acts directly upon the stomach, strengthening and toning up this great vital organ and enabling it to obtain for itself, from the food that is taken into it, the elements which are required to make firm healthy flesh and muscle tissue, sound bone structure and pure healthy blood.

Vinol does this in a scientific way and is enabled to do it because it contains, dissolved in a delicate mild wine, in a highly concentrated state, the active principles of cod-liver oil.

Vinol does not contain any of the grease that formerly characterized cod-liver oil, hence is free from all the objectionable features which made it impossible for patients to take or retain that vile-smelling remedy into their stomach.

Vinol in its favorable action upon the stomach and other organs of the body enters also in a beneficial way upon the nerves and brain, and will be found to be invaluable to brain workers as well as body workers.

The following letter is from a well-known author.

"I wish to acknowledge the receipt of the Vinol and testify to its great benefits. Since taking it I am much improved in health, and during the intense heat of last August I should not have been able to continue in my literary work if it had not been for the strengthening properties of Vinol. Yours in gratitude, ELLA STARR, 106 W. 52d St., N. Y. City."

We wish any one suffering from weakness, a demoralized condition of the nerves, or a susceptibility to wasting diseases, to call on us and hear what we have to say in regard to Vinol.

Try it on our recommendation, and if you find it does not do everything we claim for it, we will gladly refund to you the amount you have paid us.

LESSON IN AMERICAN HISTORY IN PUZZLE

SERGEANT JASPER'S HEROISM AT FORT MOULTRIE. Find Admiral Parker.

When the British evacuated Boston on March 17, 1776, it was with no intention of withdrawing from the conflict. The war was to be transferred to the south, and early in June Admiral Parker, with 2,300 troops, appeared off Charleston, South Carolina. The attack on the city began by the warships on June 28, and it was during this fight that the flag on Fort Moultrie was shot away, but hardly had it fallen when Sergeant William Jasper sprang through an embrasure and, fastening the flag to a sponge-staff, replaced it on the parapet. The British were defeated and retired.

FOR WOMEN

Much That Every Woman Desires to Know

About Sanative Antiseptic Cleansing

And About Curing Ulcerative Pains and Weaknesses.

Too much stress cannot be placed on the great value of Cuticura Soap, Ointment and Pills in the antiseptic cleansing of the mucous surfaces and of the blood and circulating fluids, thus affording pure, sweet and economical local and constitutional treatment for weakening discharges, ulcerations, inflammations, itching, irritations, relaxations, displacements, pains and irregularities peculiar to females. Hence the Cuticura remedies have a wonderful influence in restoring health, strength and beauty to weary women, who have been prematurely aged and invigorated by these distressing ailments, as well as such sympathetic afflictions as anemia, chlorosis, hysteria, nervousness and debility.

Women from the very first have fully appreciated the purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy which have made the Cuticura Soap, Ointment and Pills the standard skin cures and humor remedies of the civilized world.

Millions of the world's best people use Cuticura Soap, assisted by Cuticura Ointment, for preserving, purifying and beautifying the skin, for cleansing the scalp of crusts, scales and dandruff, and the stopping of falling hair, for softening, whitening and soothing red, rough and sore hands, in the form of baths for annoying irritations, inflammations and ulcerative weaknesses, and for many sanative, antiseptic purposes which readily suggest themselves, as well as for all the purposes of the toilet, bath and nursery.

WEAK LUNGS

Weak lungs are mostly due to a neglected cough. Only a small per cent. of the millions who have consumption inherit it. A slight cold, a tickling or hacking cough is the beginning, and after it has reached a certain advanced stage there is no ending except the grave.

Any case of consumption that is curable; that is, any one having consumption whose family or friends still hold on to a ray of hope, may take comfort in the knowledge of the fact that One Minute Cough Cure will give instant relief and finally cure.

This famous remedy does not pass immediately into the stomach, but lingers long in the throat, chest and lungs, producing the following results:

- (1) Relieves the cough.
- (2) Makes the breathing easy.
- (3) Draws out the phlegm.
- (4) Draws out the inflammation.
- (5) Kills the germs (microbes) of disease.
- (6) Strengthens the mucous membranes.
- (7) Clears the head.
- (8) Relieves the feverish conditions.
- (9) Removes every cause of the cough and the pain in the lungs.
- (10) Enables the lungs to contribute pure life-giving and life-sustaining oxygen to the blood. Cures Croup and all Cough, Lung and Bronchial Affections.

CONSUMPTION CURED.

"My physician told me one year ago that I would die of consumption inside of a year. I commenced taking One Minute Cough Cure for my lung trouble and it cured me. I have gained 20 pounds and I am a pretty live 'dead woman'." One Minute Cough Cure saved me." MARY F. SULLIVAN, Grand Rapids, Mich.

Pleasant to the taste. Good for Children. Good for every body. For Coughs, Colds, Croup, Whooping-Cough, Bronchitis, Asthma, Pneumonia and all Throat and Lung troubles no remedy is so good as

ONE MINUTE COUGH CURE.
